

Welcome to St. Martin School's Computer Lab! St. Martin School is proud to possess one of the most complete computer labs in the San Jose Diocese. We have 35 Apple eMacs for the students to use. All eMacs are connected to the school network and have Internet access.

All students utilize the computer lab. The technology curriculum consists of Microsoft Word, PowerPoint and Excel along with Kid Pix and Type to Learn Jr.

Each grade can schedule up to 2 (two) hours per week in the Computer Lab. Parents are welcome to assist the teacher in the Lab during the class's scheduled time. Please check with the respective teacher to confirm their schedule and your participation during their Lab time. Remember, all visitors **MUST** sign-in at the front desk and wear I.D. tags while on school premises.
